Message from the Principal: Mr. Miller

As many of you are aware, GMS is currently going through the accreditation process through the Association of Christian Schools International (ACSI). This three year process asks us a few big questions:

- Do we know why we exist and are we sticking to that purpose?
- Are we being intentional about mentoring and guiding our students well?
- Is the school board leading the school with long-term sustainability in mind?
- Are we providing a caring environment and encouraging a positive school culture?
- Do our teachers and the lessons and methods they use create a good learning environment?

These and many more questions will be asked and examined by a team of four educators from other ACSI schools that will visit GMS in February. They will interview faculty members, students, and parents while they are here in an effort to give us good feedback on areas in which we are doing well and in areas where we can improve!

Just going through the process has revealed numerous areas where we could improve and we are very thankful for that. We realized, for example, that we needed a complete curriculum review to find those missing elements as students go from one year to the next. Our curriculum is good but can always be improved.

Please continue to pray for us as we lead here at GMS- pray that we would have wisdom, for safety for the school, and for success with our students.
